BBA (Batch: 2018-20), PGDM - ISB&M

"When something is important enough, you do it even if the odds are not in your favour"

That has been my ideology in life and also for my journey at ISB&M. I am passionate about learning from real life experiences as opposed to conventional methods, and that is the kind of experience I got from this college.

As an MBA graduate, grooming for the corporate and

increasing your knowledge beyond books is crucial. The faculty here at ISB&M comes with their share of abundant and relevant experience, which gives you an insight on insider perspective. The college gives us numerous opportunities in terms of internships, extra-curricular and leadership positions, that develops a sense of responsibility, accountability and the right attitude which makes the transition from student life to corporate life facile.

I am elated at being placed in Dun&Bradstreet and grateful for my time at this college, I will always reminisce my glorious days here.
